On April 7, 2025, the Company announced a proposed private placement of up to 40,000,000 units (“Units”) at a price of \$0.05 per Unit for gross proceeds of up to \$2,000,000. Each Unit is comprised of one Common Share and one warrant which will be exercisable into one (1) Common Share of the Company (each a “Warrant”). These funds will help accelerate our mission to bring AI and machine learning innovations to the healthcare space and create long-term value for all stakeholders.”

Insider Participation

Mr. Paul Duffy (through a company owned and controlled by him), the Company’s CEO, and Mr. Peter Kendall (through a company owned and controlled by him), the Company’s President,

(together, the “**Insiders**”) each participated in the Private Placement by acquiring 4,250,000 Units in the case of Mr. Duffy and 3,000,000 Units in the case of Mr. Kendall. As a result of the participation of the Insiders in the Private Placement, the Private Placement constitutes a “related party transaction” under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”).

Pursuant to sections 5.5(a) and 5.7(1)(a) of MI 61-101, the Company is exempt from obtaining a formal valuation and minority approval of the Company’s shareholders as the fair market value of each of the Insider’s participation, individually, and in aggregate, in the Private Placement is below 25% of the Company’s market capitalization as determined in accordance with MI 61-101.

A material change report including details with respect to the related party transaction could not be filed less than 21 days prior to the closing of the Private Placement as the Company did not receive prior confirmation of such participation and the Company deemed it reasonable in the circumstances so as to be able to avail itself of potential financing opportunities and complete the Private Placement in an expeditious manner.
